

CRYOGEN-FREE MAGNETS FOR DNP

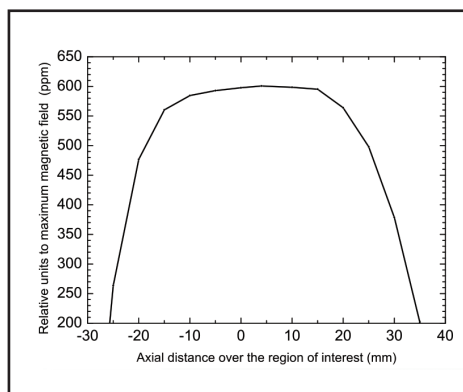

VTI Base Temperature (Liquid Column)

VTI Base Temperature (Continuous Flow)

Key features

- » Magnetic field 0 to 10.1 T
- » 30 mm diameter bore as standard
- » Custom bore sizes available on request
- » Variable temperature between 1.3 K - 300 K
- » Custom magnets tailored to DNP

Magnetic Field Axial Profile of the 10.1 T magnet
